1. 다음을 듣고, 남자가 하는 말의 목적으로 가장 적절한 것을 고르시오.

M: Good morning, students. This is the head of the student council and I have an important announcement today. Recently, our school has installed vending machines in the dormitory. But many students have complained that the items in the vending machines do not fully meet their tastes. To address this, we are conducting an online survey to gather your suggestions on what products you'd like to see in the vending machines. The survey link will be sent to you in a text message after this announcement. Please take a few minutes to answer the survey by this Friday. Your opinion is important, and we're looking forward to receiving your ideas. Thank you!

2. 대화를 듣고, 여자의 의견으로 가장 적절한 것을 고르시오.

W: Mr. Johnson, we're almost done with the major decisions about the interior design of your house. Now you just need to choose the color for your living room wall paper.

M: That's right. I've seen the color samples you've sent, but I can't decide which one to choose. Do you have any advice?

W: Well, there's one important thing you need to consider when you choose a wall color.

M: One important thing? What is it?

W: If you go with light colors, they will make the space look larger and more open.

M: Interesting. So, dark colors make a space appear smaller?

W: Exactly. This is because light colors reflect natural light and make a space appear larger to the eyes.

M: Hmm... Since my living room is a bit small, I'll go with white.

W: That's a great choice! It's always important to consider the size of the space when choosing a wall paper color. A light color like white will definitely create a sense of openness in your living room.

M: Thank you for helping me.

## 3. 다음을 듣고, 남자가 하는 말의 요지로 가장 적절한 것을 고르시오.

M: Hello, everyone. Today, I am going to talk about how we can support senior citizens in the digital age. You may have heard that many seniors are struggling with digital technologies in their daily lives, such as ordering food at kiosks or using mobile banking apps. Because they are not familiar with these digital services, seniors may find it difficult to keep up with all the changes in today's world. That's why we need to provide them with digital education. By teaching seniors how to utilize digital skills, we can help them navigate modern life smoothly and they won't feel left behind.

4. 대화를 듣고, 그림에서 대화의 내용과 일치하지 않는 것을 고르시오.

W: I've just finished setting up the band rehearsal room. How does it look?

M: Wow! I like that banner on the wall. It's really eye-catching.

W: I agree. What do you think about the position of the drum set below the banner?

M: It looks good. In that position, the drummer can lead our band easily.

W: That's what I intended.

M: I also see you've set up three microphones. That should be perfect when many singers want to sing together.

W: Exactly. And check out this triangle-shaped guitar. Isn't it cool?

M: It sure is! I've never seen a guitar like that before. It really stands out.

W: I think so, too. And I placed the keyboard next to the guitar so that our band members can communicate easily.

M: That's smart. This setup is perfect for our band.

5. 대화를 듣고, 여자가 할 일로 가장 적절한 것을 고르시오.

M: Ms. Anderson, are we all set for the culture exchange program with the French students?

W: It's going well, Mr. Grant. Do you want to go over what we've done so far?

M: Sure. I've been teaching our students some basic French greetings, and they've been practicing their welcome speech.

W: That sounds nice. Your efforts will definitely help the exchange students feel welcome. I've prepared all the traditional craft materials for them.

M: It would be great if the students could work in pairs for the traditional crafts session.

W: Exactly. I've already made a list of pairs. I paired one student from our school with a student from France.

M: Good. And I've ordered keyrings to use as souvenirs. They should arrive this afternoon.

W: Let me know if you need any help.

M: Actually, there is one thing. Could you wrap the keyrings when they arrive? I think I won't have time for that.

W: Of course, I'd be happy to help you with that.

6. 대화를 듣고, 남자가 지불할 금액을 고르시오.

W: Welcome to Gardener's! How can I help you?

M: Hi! I'd like to add some new flowers to my garden.

W: That's wonderful! What flowers do you have in mind?

M: I like lilies. How much are they?

W: They're \$4 each.

M: I'll take five lilies. Can you recommend any other flowers? I was thinking of mixing a few different types.

W: In that case, how about pairing them with some tulips?

M: Oh, that sounds great. How much are the tulips?

W: They're half the price of lilies — just \$2 each.

M: Great. I'll take five tulips, then.

W: Five lilies and five tulips, right? When you buy 10 flowers or more, we offer a 10% discount.

M: Thank you. Here's my credit card.

7. 대화를 듣고, 여자가 학급 사진 대회에 참가하지 못한 이유를 고르시오.

M: Hey, Betty. Did you get the result of the class photo contest?

W: Unfortunately, my class couldn't even take part in the contest.

M: No way! What happened? Your classmates love taking photos.

W: Yeah, we often take pictures together.

M: Then you could have submitted one of your existing photos. Was there any unexpected problem like the size requirement of the photo?

W: No, the size met the requirements. And we were okay with the fact that we should submit a photo taken outdoors.

M: Hmm... Then what was the problem? You didn't accidentally delete the photo for the contest, did you?

W: No. The truth is I thought the deadline was 17th but it was 12th.

M: Oh, no. I'm sorry to hear that. But don't beat yourself up about it too much. Everyone makes mistakes sometimes.

W: Thanks. But I still feel so bad about it.

8. 대화를 듣고, 2025 Aquathlon에 관해 언급되지 않은 것을 고르시오.

W: That sounds great! I've competed in several swimming events, but never anything like this. Are you going to participate?

M: Absolutely. I've been training for both swimming and running.

W: When is the event?

M: It's on May 24th.

W: I'd like to join, too. Have you completed the registration process?

M: Not yet. I heard we need to register online by filling out a form. Let's sign up together.

W: Sounds good. How about training together before the event?

M: Great idea. The competition will be held at Blue River. Why don't we find a similar place to practice?

W: I know the best place. Let's get started this weekend!

We will also host a pet costume contest, where pets can show off their best outfits and compete for prizes. Additionally, there will be booths selling healthy snacks and handmade toys for your pets. M: Wow! Where did you buy this cute bunny bag charm on your bag? I want to get one, too.

W: Oh, I bought this on a shopping app. I'll show you. *[Tapping Sound]*  
Do you want to pick one together?

M: Sure! My bag is small, so I want to pick something that matches it.

W: No problem. As you can see, there are three size options here. I don't think the large size would suit your bag.

M: You're right. A small or medium size would be great.

W: Next, you have to choose the color of the bunny. What's your favorite color?

M: Well, I'm okay with anything except green.

W: I get it. How about the material?

M: Between fabric and plastic, I'll go with plastic. It won't get wet easily.

W: Excellent choice! Then, we have two options left. What's your budget?

M: I'd like to keep it under \$15. So I'll take this one.

W: Perfect! It'll look great on your bag.

M: I understand how you feel, but isn't it great to create something meaningful for yourself?

W: Of course it is. But I'd like to share my art with other people and hear from them about my work.

M: Then how about finding another way to connect with people and share your work?

W: Another way? Like what?

M: You can join an art community or local art club and discuss your work with others at offline meetings.

W: Hello, students. Have any of you visited a museum recently? If so, you may have noticed some remarkable changes taking place. Today, I'd like to share some insights about the changes happening in museums. Now, traditional museums are being transformed by modern technologies. The first technology I want to introduce is virtual reality. Museums around the world are adopting virtual reality to change how visitors interact with historical objects. For instance, visitors can now explore ancient buildings as if they were real. Another technology being used in museums is 3D animation. This brings historical scenes to life, showing how people lived in the past. Animated displays allow visitors to experience historical events in a more engaging way. Also, laser projection creates dynamic effects on gallery walls. Using this technology, museums can highlight specific artworks and create fascinating environments that enhance the viewing experience. Finally, 3D printing has opened up new possibilities for museums. This technology makes it possible to display accurate copies of delicate or rare items that cannot be exposed to the public. These technological innovations are making museum collections more accessible, interactive, and engaging than ever before.
