M: What kinds of benefits are you talking about?

W: For example, eating fruits before a meal can aid in weight management because it helps you feel full.

M: Hmm... That makes sense.

W: Also, nutrients are better absorbed when fruits are eaten before a meal.

M: I see. I didn't know that when we eat fruit has so much to do with our health.

W: Exactly. Having fruits before a meal can improve your health.

M: Hello, everyone. Welcome to our environmental lecture, *Love Our Planet*. You've all heard that "Plastic is bad for the environment!" but do you actually know how bad it is? Plastic items take 1,000 years to degrade in landfills. Plus, only a small percentage of plastic items are actually recycled. To overcome the plastic pollution crisis, you can start by taking personal action. As a first step, you ought to carry your own tumbler. It helps you work towards reducing plastic waste and make your carbon footprint smaller. Why don't you carry a tumbler to cut down on plastic waste? Let's act now for our planet.

W: I think it looks lovely and welcoming.

M: Yes. It really suits the Christmas mood.

W: What are the three boxes under the table?

Ms. Parker thinks caffeinated beverages have more disadvantages than advantages. She recalls an article about how drinking water can boost concentration. 다음을 듣고, 물음에 답하시오.

W: Good afternoon, students. Previously, we learned about interesting facilities in airports. Today, we'll talk about city airports named after world-famous figures. First, in February of 1942 during the Second World War, Edward O'Hare was flying a fighter plane. He fought bravely in the war, and to honor him Chicago renamed an airport after him. Then there's an airport called Jomo Kenyatta Airport in Nairobi. As one of the most important individuals in African history, Jomo Kenyatta played a central role in fighting colonization. Next, Charles de Gaulle Airport is the main airport of Paris, one of the busiest hubs in Europe. It's named after Charles de Gaulle, who was best known as a French army officer and later became the president. Finally, Jorge Newbery Airport serves as the main domestic gateway in Buenos Aires. Jorge Newbery was a great pioneer who made the first flight across the Andes Mountains. Which airport's name interests you the most? Now, I'd like you to think of other examples.
