영어 영역 듣기 평가 대본

1. 다음을 듣고, 여자가 하는 말의 목적으로 가장 적절한 것을 고르시오.

W: Good afternoon, students. This is your principal, Ms. Johnson. I'd like to announce that there has been a change of schedule for our weekly walking program, *Step Together*. It was originally supposed to take place every Monday after school, starting next week. However, it seems that many students are busy with club activities after school. Therefore, in order to allow more students to participate, it'll now be held at 1 p.m. during lunchtime. We hope this change gives you the opportunity to enjoy meaningful moments with your friends. We look forward to seeing you there!

2. 대화를 듣고, 남자의 의견으로 가장 적절한 것을 고르시오.

W: Honey, how about having beef for dinner tonight? We have some in the freezer.

M: Great idea, but that beef has been in the freezer for so long. We'd better not eat it.

W: Well, it's been frozen this whole time, so it should be fine.

M: Not really. Eating food that's been kept frozen for a long time can be harmful.

W: Really? I thought it would be alright.

M: Well, while freezing can slow bacteria growth in food, it cannot completely stop them from growing.

W: Hmm, that makes sense.

M: Besides, if we open the freezer often, the temperature inside doesn't stay constant.

W: Oh. That might also encourage bacteria growth.

M: Correct! That's why it can be harmful to eat food that's been stored frozen for a long time.

W: I see. Let's go grocery shopping for some beef then.

3. 다음을 듣고, 남자가 하는 말의 요지로 가장 적절한 것을 고르시오.

M: Hello, listeners. This is *Life Advice for All*. Nowadays, many people are using wireless earphones, especially while walking, because they're convenient to use. However, this could cause serious accidents. If you are only paying attention to music or other media in your wireless earphones, you might not hear your surrounding sounds. This can prevent you from recognizing and reacting to dangerous situations. For example, you may not notice when cars are coming towards you or when bicycles are passing by. For your own safety, please think twice about using wireless earphones when you're walking. I'll be back with some more useful advice next time.

4. 대화를 듣고, 그림에서 대화의 내용과 일치하지 않는 것을 고르시오.

M: Honey, I just finished setting up the rooftop garden party for tomorrow. Have a look!

W: That's fantastic!

M: I'm glad you like it. I put the party banner above the door. What do you think?

W: Perfect. And the striped sun umbrella is between the chairs.

M: I hope it'll give us enough shade.

W: Me too. Where did you get the lamp on the table?

M: I picked it up at the mall the other day. Its light creates a warm atmosphere at night.

W: Lovely. I also like the two flowerpots next to the wall.

M: Those are gifts from my friends.

W: That's so kind of them. The round rug on the floor looks cozy and comfortable.

M: Yes, it's for the kids. They can sit and play on it.

W: Great. Let's make the party unforgettable.

5. 대화를 듣고, 여자가 할 일로 가장 적절한 것을 고르시오.

Is everything on track?

W: Hi, Jake. I think so. Let's go over the to-do list.

M: Good idea. Did we decide on the location?

W: Yes, we're using the art room. It'll be turned into the gallery.

M: Awesome. How about the invitation emails?

W: I sent them out last week. Most guests already said that they'll come.

M: Great! And the event pamphlets are being printed. They'll be ready in a few days.

W: Wonderful. Have you chosen the background music?

M: Yeah, we'll go with classical music.

W: That's perfect. I think that would match the mood.

M: We still need to buy gifts for the guests.

W: That's on me. I'll take care of it.

M: Thanks. I appreciate it.

W: Alright! Exactly how long will your dog be staying here?

M: Three nights. How much does it usually cost?

W: It's \$40 per night. But if your dog is large, you'll be charged an additional \$10 per night.

M: Luckily, my dog is a small Maltese.

W: Then, you don't have to pay the extra fee. Will you need our pick-up service? It costs \$30.

M: Yes, please. That'd be nice.

W: Okay. Is it your first time here? If that's the case, you can get a 10% discount off the total price.

M: That's great! Yes, it's my first time here.

W: Alright. How would you like to pay?

M: Here's my credit card.

M: Exactly! It'll help you create impressive presentations. Do you want to sign up for it with me?

W: I'd love to, but I can't attend.

M: Oh. Is it because you have a part-time job on weekends?

W: No. I don't work on weekends anymore.

M: Hmm. Then, do you have to work on your physics assignment?

W: I already finished it. Actually, I'm participating in a volleyball match.

M: Really? You told me that you wouldn't play this time, didn't you?

W: I'm filling in for Judy. She injured her knee last week.

M: I see. Good luck!

W: That's right. It's a good chance to experience wearing costumes from different eras.

M: Sounds interesting. Where will it take place?

W: It'll be held at Central City Park.

M: Okay. What's this event for?

W: Its main purpose is to celebrate the city's cultural heritage, and to inform people about its history.

M: That's a great idea. When is it?

W: October 11th. I saw an advertisement for it yesterday, and I signed up to be a costumed participant.

M: Awesome. Can I sign up for it, too?

W: Yeah. You have to fill out the registration form on the city's official website.

M: Perfect. I'll do that right away.

M: Sounds wonderful! Do you have a price in mind?
W: I'd like to spend less than \$200.
M: Okay. What about the tank volume?
W: I think 13L is too small.
M: Right. Let's buy a bigger one.
W: Yeah. Now let's pick one function. We can choose either the smart heating system or the automatic feeder.
M: Which do you want?
W: I'd like the automatic feeder because that's a really convenient function.
M: I agree. Then, there are two options left. Which frame color do you prefer?
W: Black doesn't go well with our living room, so I'd prefer a different color.

[16 ~ 17] 다음을 듣고, 물음에 답하시오.

W: Hello, students. As you know, animals build many different structures in the natural world. Today, we'll talk about the different functions that these structures have. First, an important function of animal-built structures is to provide protection from predators. For example, beavers build dams to create ponds where they can construct their homes. These structures provide a shelter from predators. Next, animal structures can also play a role in transportation. Some species of ants use their own bodies to create bridges. These bridges provide a path over obstacles and allow them to search for food at an increased speed. In addition, animal structures can serve as traps. This can be observed in web-building spiders, who weave elaborate webs of sticky spider silk that capture prey. Finally, animal structures can serve as a means of attracting mates. During mating season, some species of birds collect small branches, leaves, and colorful objects to create structures that attract the attention of females. Now, let's watch a short video about these incredible animal structures.
